### ***Our Mission***

To offer high quality Individualized Educational Psychology services at an affordable price, helping everyone succeed.

With three graduate degrees in psychology, Dr. Turner is adjunct professor in graduate psychology, special education, and Tier 2 PPS credentialing at Chapman University and in undergraduate psychology at Copper Mountain College and College of the Desert. A member of the Board of the California Association of School Psychologists (CASP), he represents San Bernardino and Riverside Counties. Licensed by the State of California as a Licensed Educational Psychologist (lic#2966), he is in private practice.

He has taught at the middle and high school levels; was a high school guidance counselor; and is a lead school psychologist and training seminar speaker. As a guidance counselor, 100% of seniors entered higher education. As a school psychologist he holds advanced certificates in Crisis Intervention and Positive Behavior Intervention from the California Association of School Psychologists (CASP). In 2004 he was awarded the Scientist-Practitioner Grant for work in strengths-based psychology.

In his leisure Dr. Turner travels internationally, studies foreign languages, and enjoys flying as a private pilot.

8:30am - 1:30pm - *Vendor Visits*

8:30am *Free Continental  
Breakfast, Sign-in,  
and Vendor Visits*

8:50am *Welcome and Information*

9:00am *Memory Care*

**Course Description:** A presentation on caring for clients with memory loss (i.e., dementia); improving memory in all clients; and best practice for staff-client activities to delay onset of most forms of memory loss.

**Presenter:** TBD

10:00am *Break and Vendor Visits*

10:10am *Five Stages of Caring*

**Course Description:** This lecture with discussion, questions, and answers will introduce the original and contemporary understandings of Kubler-Ross' Stages of Grief. Followed with a discussion of how the five stages present in various ethnic and socio-economic populations. Coping skills are taught for each stage. It concludes with a discussion of basic listening and counseling skills.

**Presenter:** Dr. Jerry L. Turner

11:10am *Suicide Awareness*

**Course Description:** A presentation on suicide prevention will guide administrators/ staff through statistics; key elements in awareness; clarify common misconceptions; and discuss prevention procedures. Emphasis will be on developing relationships, dialogue, observations, and appropriate/timely response to suicide threats and/or attempts. Time is allotted for discussion. A course note-taking guide is provided.

**Presenter:** Dr. Jerry L. Turner

12:10pm *Free Lunch and  
Vendor Visits*

1:00pm *Hypertension*

**Course Description:** This presentation will define the three major types of hypertension in adults and elderly. It will review the interaction of certain drugs with hypertension; related health problems; physical limitations; respiratory issues; and more. Specifically addressed to administrators and staff this presentation includes proper care for clients with hypertension.

**Presenter:** TBD

2:00pm *Evaluations and

**IEP, Inc. provides training** to groups of 30 to 500. We develop and deliver training for school districts, non-public schools, private schools, elder and adult care facilities, group homes, and other organizations.

Half day and full day workshops which include speakers, handouts, visual and audio presentations are available.

Training workshops vary depending on depth of information and level of group interaction desired by the organization.

Training workshops for group homes, elder care and adult care facilities offer **Continuing Education Units (CEUs)** to meet re-certification and professional development goals.
